On Tuesday, 21st of May 2019, Sekolah Pilar Indonesia held the Graduation Ceremony for 101 students from Reception, Grade 6, Grade 9 and Grade 12. For this year's graduation theme, we took a quote from Maya Angelou, "Nothing can dim the light which shines from within." The theme defined our hopes for the graduates to keep shining, to be the best that they can be.

In his commencement address, Bapak Dr. Iwan Kresna Setiadi from the Management Board, congratulated the students and encouraged them to keep being independent, highly-principled and to appreciate diversity. Congratulations, Graduates! We wish you success on your future endeavours.
